

AMENDMENT IN RESPONSE TO *EX PARTE QUAYLE* ACTION
U.S. Application No. 10/624,541

Q75286

AMENDMENTS TO THE DRAWINGS

Please add new Figure 6, as attached

Attachment: One (1) New Sheet

REMARKS

Claims 18-20 are all the claims pending in this Application. The Examiner indicates that claims 18-20 are allowed.

The drawings are objected to under 37 C.F.R. § 1.83(a) for failing to show every feature of the invention as specified in the claims. Specifically, the Examiner notes that the drawings must show a holographic pattern formed at an upper surface of the lower substrate, as recited in claim 20.

With this Amendment, Applicants add Figure 6, which illustrates an exemplary holographic pattern (120) formed on an upper surface (114) of the lower substrate (110). Applicants also amend the specification to include a description of this figure.

Applicants respectfully request that the objection to the drawings be reconsidered and withdrawn.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.
